

SHELVES MAKE IT EASY TO ORGANIZE YOUR

Maximize Space

Whether you're on a construction site or renovating your home, steel shelf brackets make it easier to utilize the space inside a BigSteelBox. Install 2-5 brackets per side in seconds by attaching them to D-ring hooks spaced every few feet along the Box. Place a couple 2"x10" boards (not included) on each shelf and you can create as much space as you need!
